

Subject: Learn how to flirt from Stromberg?!

Heyyy,

Wish you a nice week!

Last weekend I watched with a girl some old episodes of a tv-show called "Stromberg"... do you know it?

Maybe you remember those figures in it: They are called Stromberg and Ulf and Tanja...

Let's have a look on their behaviour regarding dating:

There is Ulf who is married with Tanja - and he's not that happy with his.

What does he wrong?

Well - sometimes he has kind of "good moments", for example when he is cocky and funny with Tanja.

But after all, SHE is the one who dominates them.

SHE says that they will move together.

SHE says who comes to their common flat.

SHE says who gets invited to a common party.

SHE says... everything!

Wouldn't be hard when Ulf confirms - but he does not!

Ulf does not want to do things that Tanja wants, but he cannot say this.

Probably he thinks:

"Oh, it is okay with Tanja, I mean, I don't know if I would find someone better... So Tanja is okay after all..."

What would help him to create a beautiful relationship with his girlfriend?

Cojones.

Balls and nuts.

Women want to FEEL the male dominance. Even if it's against her rational things.

She wants to FEEL that he is a MAN.

Ulf should give a fuck and do the things that he wants to do.

Not only to have right, but to demonstrate that he's a MAN.

Maybe you know situations like...

... you don't feel treated like a MAN.

... you didn't know how to handle situations with beautiful women...

... and first: You didn't understand women!!!

If you know this, take a look on my course:
